Relentless Serie					
Relentless Monaural Amplifier	High End Mono Endstufe Flagship Monaural Power Amplifier - 1,500W/3,000W/6,000W into 8/4/2Ω, Fully balanced, complementary, discrete circuitry. Super Rail Circuitry, Copper/Aluminum heatsinks, Ballistic Meter with Mineral Glass Face, custom made binding posts	572 x 280 x 826 mm (B x H x T) Gewicht: 258 kg	Silber Schwarz	Stk	179 900,00
Relentless Power Cord - 2M	Three power conductors use multiple oxygen-free copper strands in a 10 AWG construction. Machined Delrin collar separates conductors into three legs. Legs are terminated with gold-plated ring terminals. A 220v, gold-plated AC wall plug is standard.		2m	Stk	1 490,00
Relentless Power Cord - 3M			3m	Stk	1 590,00
Momentum Serie					
Momentum M400 Monaural Amplifier	High End Mono Endstufe State of the Art Monaural Power Amplifier - 400W/800W/1600W into 8/4/2Ω, Fully balanced, complementary, discrete circuitry. Copper Venturi heatsinks, Mineral Glass Meter Face, custom made binding posts	318 x 133 x 546 mm (B x H x T) Gewicht: 43,1 kg	Silber Schwarz	Stk	39 900,00
Momentum S250 Stereo Amplifier	High End Stereo Endstufe State of the Art Stereo Power Amplifier - 250W/500W/1000W into 8/4/2Ω, Fully balanced, complementary, discrete circuitry. Copper Venturi heatsinks, Mineral Crystal Meter Face, custom made binding posts	318 x 127 x 533 mm (B x H x T) Gewicht: 43,2 kg	Silber Schwarz	Stk	42 900,00
Momentum Preamplifier	High End Vorverstärker "Super Analog" State of the Art Stereo Preamplifier, Fully balanced, complementary, discrete circuitry. Defeatable Tone Controls, RS-232, 12v trigger, Axle bearing volume control with mineral Crystal face 6 Eingänge (XLR), 2 Ausgänge (XLR)	432 x 203 x 406 mm (B x H x T) Gewicht: 34 kg	Silber Schwarz	Stk	48 900,00
Momentum Phonostage	High End Phono Vorverstärker State of the Art Phonostage with fully balanced, discrete, complementary circuitry. Independent MC x 2 and MM x 2 inputs. Independent loading for each input. Passive RIAA and 4 label specific EQ curves employing zero negative feedback.	394 x 324 x 178 mm (B x H x T)	Silber Schwarz	Stk	39 000,00
Momentum Integrated Amplifier	High End Vollverstärker State of the Art Analog Integrated Amplifier. 200W/400W/800W into 8/4/2Ω. Fully balanced, complementary, discrete circuitry. Separate power supply, Mineral Glass Meter Face, custom made binding posts	457 x 203 x 406 mm (B x H x T) Gewicht: 54,4 kg	Silber Schwarz	Stk	59 900,00
Amplifier Floor Stands	Verstärkerständer Amplifier floor stands for Momentum Monaural and Stereo Amplifiers	264 x 19 x 410 mm (B x H x T)	Silber Schwarz	Stk	1 799,00
Custom Paint Finish	für Momentum o. Progression Wunschfarbe			Stk	6 799,00
M400 Upgrade, S250 Upgrade, Momentum Preamplifier Upgrade, Momentum Stereo-to-Mono Upgr., Progression Stereo-to-Mono Upgr.,	auf Anfrage!			Stk

Progression Serie						
Progression M550 Monaural Amplifier	Referenz Mono Endstufe Reference Monaural Power Amplifier - 550W/1100W/2200W into 8/4/2Ω, Fully balanced, complementary, discrete circuitry. Venturi heatsinks, Mineral Glass Meter Face, custom made binding posts	457 x 191 x 508 mm (B x H x T) Gewicht: 572,2 kg	Silber Schwarz	Stk	26 900,00	x
Progression S350 Stereo Amplifier	Referenz Stereo Endstufe Reference Stereo Power Amplifier - 350W/700W/1400W into 8/4/2Ω, Fully balanced, complementary, discrete circuitry. Venturi heatsinks, Mineral Glass Meter Face, custom made binding posts	457 x 191 x 508 mm (B x H x T) Gewicht: 52,2 kg	Silber Schwarz	Stk	31 900,00	x
Progression Preamplifier	Referenz Vorverstärker State of the Art Stereo Preamplifier, Fully balanced, complementary, discrete circuitry. Defeatable Tone Controls, RS-232, 12v trigger, Axle bearing volume control with mineral Crystal face 6 Eingänge (2x RCA, 4x XLR), 2 Ausgänge (XLR)	450 x 108 x 300 mm (B x H x T) Preamp 275 x 75 x 200 mm (B x H x T) Powersupply Gewicht: 18 kg (mit Netzteil)	Silber Schwarz	Stk	29 900,00	x
Progression Preamplifier DAC Module	DAC Erweiterungsboard dieses modulare DAC Board erweitert den Progression Preamplifier um 3 digitale Eingänge: 1 USB Type A, 1 Optical Toslink, 1 SPDIF Coaxial			Stk	5 499,00	x
Progression Integrated Amplifier	Referenz Stereo Vollverstärker Reference Integrated Amplifier, 200W/400W into 8/4Ω, Fully balanced, discrete circuitry. Toroidal winding technology, delivers greater power output. Bluetooth remote control, 2 RCA/ 6 XLR inputs, XLR Preamp Output, Optional MC phono and digital Modules, RS-232, 12v trigger	457 x 191 x 508 mm (B x H x T) Gewicht: ? kg	Silber Schwarz	Stk	23 900,00	x
Progression Integrated Phono Module	Phono Erweiterungsboard optional moving coil phono module adds turntable playback			Stk	2 399,00	x
Progression Integrated DAC Module	DAC Erweiterungsboard 24 bit/192 khz DAC Board erweitert Progression Integrated um 5 digitale Eingänge. Roon, Tidal, Qobuz, MQA. DSD 1 USB Type B, 1 RJ45, 2 Optical Toslink, 2 SPDIF Coaxial			Stk	5 900,00	x
